Executive Summary

I am highly impressed by your organization's exceptional growth and innovative approach in the industry. As a web developer with expertise in front-end technologies, I am confident in my ability to contribute meaningfully to your team and deliver impactful solutions that align with your goals.

SKILLS

Technologies and Tools: HTML, CSS, JavaScript, ReactJS, Node JS, Express, MongoDB, Git, Github

WORK EXPERIENCE

M Squared Software & Services Pvt. Ltd

Web Development Intern   24 July 2024 - 2 August 2024
- Tech stack: HTML, CSS, JavaScript

PROJECT

Railway Reservation Site 🔗
- This project is a railway station information website that I developed to demonstrate my full-stack web development skills. The site is fully responsive and includes key features such as live train status, station schedules, and platform details, all presented in a clean and user-friendly interface.
- I built this project using React.js for the frontend and Node.js with Express for the backend, with MongoDB as the database. The design is optimized for all devices, and I implemented real-time data handling to enhance user interaction. Feel free to explore the project and adapt it to your needs!

Food Delivery Website (Front End) 🔗
- This project contains a restaurant website project that I developed to showcase my front-end development skills. The website is designed to be fully responsive and includes features like an engaging homepage, a detailed menu section with descriptions and prices, and a user-friendly design optimized for all devices.
- I built the project using HTML5, CSS3, and JavaScript (ES6+), incorporating techniques like animations to enhance the user experience. Feel free to explore the code and adapt it to your own

EDUCATION

Ponjesly College of Engineering, Nagercoil

B.E in Computer Science and Engineering - 7.54   November 2024 - May 2026
